

ULTRA CELL™

FULL SPECTRUM HEMP
CBD TOPICAL GEL

WORK HARD, PLAY HARD, THEN RELAX

FULL SPECTRUM SUPPORT FROM THE OUTSIDE IN.

ULTRACELL™ FULL SPECTRUM HEMP CBD TOPICAL GEL

UltraCell™ Full Spectrum Hemp CBD Topical Gel combines our trademarked, full spectrum hemp oil extract with a proprietary blend of essential oils. Aloe gives our Topical Gel a luxurious feel and leaves your skin feeling silky. The balance of essential oils, including black pepper, chamomile, and peppermint with UltraCell™ CBD hemp oil creates harmony to ease your mind and body.*

THE SYSTEM

The Endocannabinoid System, or ECS for short, is a complex network of receptors that are found throughout your brain, body, and immune system. This system is believed to be responsible for balancing functions related to sleep, relaxation, and cognition. Your ECS is fueled by endocannabinoids, which are molecules produced by your body to interact with these receptors. When the production of endocannabinoids becomes slowed or imbalanced, cannabimimetics and phytocannabinoids, which are cannabinoids produced in the hemp plant, can supplement what the body may be lacking.

EXCLUSIVE TECHNOLOGY

As we all know, oil and water don't mix. This can be a challenge when taking oil-based supplements. UltraCell™ turns oil-based compounds into a water soluble format. Our exclusive technology has been proven in a clinical study to make oil supplements highly bioavailable.* Thanks to powerful technology, all of the benefits of UltraCell™ are available to you at peak capacity.

HEMP ECS BLEND: Hemp Oil Extract, Black Pepper Oil, Citronella Oil, Helichrysum Flower Oil, Ginger Root Oil.
